Profile Summary

Motivated Computer Science undergraduate with a strong foundation in HTML, CSS, and JavaScript, and additional hands-on experience across the MERN stack. Skilled in building responsive, cross-browser-compatible websites and web applications, with practical exposure to testing, debugging, and version control. Passionate about implementing clean, scalable, and user-friendly web solutions.

Technical Skills

Languages: HTML, CSS, JavaScript,C++
Framework/Libraries: Bootstrap, ReactJs, NodeJs, ExpressJs
Database: MongoDB, MySQL
Tools: Git/GitHub, VS Code, Postman, Browser DevTools
Concepts: Responsive Web Design, Website Development, Full Stack Web Development(MERN)

Education

Chandigarh University **2026**
Bachelor of Engineering in Computer Science and Engineering *Punjab,India*
Mother Teacher School **2022**
XII — Non Medical *Punjab,India*
Young Scholar School **2020**
X *Punjab,India*

Internship

Excellence Technology **6 Month**
MERN Stack Developer Intern

- Contributed to end-to-end web application development using HTML, CSS, JavaScript, and the MERN stack, collaborating with the team on frontend interfaces and backend integration.
- Used Git for version control to manage code changes and revisions, while explaining technical workflows to teammates to support knowledge-sharing.

Projects

Smart HealthCare Appointment System(SHAS) Project
HTML, CSS, JavaScript, ReactJS, Bootstrap, NodeJS, ExpressJS, MongoDB

- Built a full-stack website demonstrating integration between frontend, backend, and database layers, ensuring seamless data flow and system functionality.
- Designed and developed responsive, cross-browser-compatible user interfaces using HTML, CSS, Bootstrap, and JavaScript to capture user inputs and enable interactive features.
- Tested and debugged UI functionality and layout rendering across multiple browsers to ensure consistent usability and performance.

GYM Workout Buddy
HTML, CSS, JavaScript, ReactJS, NodeJS, ExpressJS, MongoDB

- Developed a fitness tracking website for managing workout routines and monitoring exercise progress.
- Built a responsive, mobile-friendly UI using HTML, CSS, Bootstrap, and JavaScript, applying media queries to ensure usability across screen sizes.
- Optimized page performance and usability through clean, well-structured, and documented code.
